A BLUMENTHAL PERFORMING ARTS ORIGINAL

Levine Avenue

Sky of Bubbles Sept. 15-0ct. 1

Atelier Sisu is a Sydney-based design studio led by award-winning artists Renzo B.
Larriviere and Zara Pasfield.
Their direction of work sits between the fields of art and architecture (art-chitecture), with a particular focus on the realm of public art.

The original soundtrack was created for this experience by local composer Jason Hausman of Hot Sake Studios. You can follow his work here: @hotsakesound.
